

## Habitat Improvement Monthly Donation

Salem Electric provides members the opportunity to improve local native fish and wildlife habitats by participating in the Habitat Improvement Program (HIP). Once enrolled, a monthly contribution will be added to your Salem Electric billing statement and can be discontinued at any time.

Donations collected in Polk County are forwarded to Friends of West Salem Watersheds for habitat improvements in the Glenn-Gibson Creek Watershed. Donations collected from Marion County are forwarded to the Keizer Heritage Foundation and fund Claggett Creek projects.

To enroll, complete the information below and return to Salem Electric.
